

THE ART OF NEWBORN PHOTOGRAPHY WITH

Welcome Guide & Pricing 2019

WELCOME

What a joyous time! Soon you will be welcoming your precious bundle into the world.

I am thrilled to be able to commemorate this special time into your lives with beautiful portraiture. Each image we create will be cherished by you and your loved ones for years to come and a wonderful keepsake of a fleeting moment in time.

Your custom portrait session is complimented with heirloom menu items to eternalize these memories.

A hands-on approach, attention to detail ensure your experience is both personal and memorable.

FREQUENTLY ASKED QUESTIONS

1. How long does a session take?

A newborn session lasts from 2-4 hours, depending how extensive of a session we have planned. Maternity and babies 6m+ last 1-2 hours

2. Are siblings or other family members allowed?

Yes! Family and or sibling photography will be the first thing that we do in our session. Each session is customized to your preferences to include additional family members, or we can simply just focus on the baby. Completely up to you.

4. What do we wear?

Light, neutral, and coordinating clothing from your personal wardrobes. White, creams, neutrals and pastel colours photograph the best. Denim or khaki bottoms are great. The studio has maternity gowns available and a small selection of toddler items.

5. How do we prepare the baby?

Top up the baby prior to leaving the house, ensuring a full belly will help tremendously. Dress the baby in a snap or zipper onesie so that nothing goes over the head. Please bring a soother and extra formula if supplementing.

6. How and when do I book?

A \$50 +hst deposit per session is required to secure your preferred date & time. Consultations follow the deposit. Maternity sessions are booked 30-34 weeks pregnant, Newborns are booked 7-10 days old, Babies around 7 months old or 12 months for sitting & birthday milestones respectively.
